

CVSPG 602 : Clinical Practicum II

The curriculum for Year Two features four quarters of clinical rotations including a one-week Orientation and a one-week Summative Evaluation. During these rotations, students are expected to achieve specific competencies in cardiovascular perfusion and related technologies of open-heart surgery, including proficiency in managing patient problems, handling issues of quality assurance, utilization review, continuity of care and appropriate treatment plans. At least one clinical rotation will be pediatrics. Text reading assignments, journal review, and other online activities are required for each clinical rotation.

College

Cardiovascular Science Program

Credits 6.0

Prerequisites

Completion of all first year courses through Spring quarter first year and successful completion of the Orientation to the Clinical Rotations program
