

# Admissions

Admission to the Post-Master's Doctor of Nurse Anesthesia Practice Completion (D.N.A.P.) program for Certified Registered Nurse Anesthetists (CRNAs) is considered on a competitive basis for Certified Registered Nurse Anesthetists (CRNAs) or Graduate Registered Nurse Anesthetists (GRNAs). The Post-Master's Doctor of Nurse Anesthesia Practice Completion (D.N.A.P.) program at Midwestern University uses a rolling admissions process.

Completed applications are reviewed and decisions to interview individual candidates are made at regular intervals during the admission cycle. Telephone interviews are conducted and the selection process of each candidate for admission is made until the class is filled. Applicants are notified of selection status within two weeks after the applicant's interview date.

Typically, a class is filled by mid-June but applications are accepted continuously. Applications received are reviewed by the Office of Admissions for completeness and referred to the coordinator of the Post-

Master's Doctor of Nurse Anesthesia Practice Completion (D.N.A.P.) program to determine applicant eligibility for an interview. The Admissions Committee determines acceptance into the D.N.A.P. Completion Program. Admission decisions are made on a rolling basis until the maximum enrollment for the Program is reached.
